DIRECTIONS:

The crossword puzzle above has no tricks but is designed as a vocabulary builder. Some of the boxes are divided in half and contain a letter inside the bottom half. Disregard these letters as you go along. The letter in the top half is part of the crossword answer.

After finishing the crossword, turn to the cryptogram below. The letters are the same as the ones in the lower halves of the boxes above. But you have placed another letter in each upper half. That letter helps to solve the cryptogram. For example, Q/X: in the cryptogram all X's would become Q's.

TECS EAYTLEZSH JRHT CRZS
 YOWT LKSR: "LAY BETS WHYE
 YOS ORKK EJ JRCS, JEB
 LSYS'T TRZS!"

Some people may wish to solve the cryptogram with the aid of the crossword. Others may choose to solve the crossword and the cryptogram without reference to each other.
